THEO. P. HAUGHEY, Pres't. H. LATRAM. Cash. CONDITION OF THE MARKETS

Heavy Dealing in Wheat, the Closing Being at Lower Prices Than on Tuesday.

Corn Opens Lower, but the Buying in Wheat Helps Prices Somewhat-Oats Firm but Unchanged-Provisions Dull and Lower.

MONEY, BONDS AND STOCKS.

An Active but Feverish Market, with a Weak but Irregular Tendency. NEW YORK, Aug. 29.-Money on call was easy at 1102 per cent., closing offered at 11 per

cent Prime mercantile paper, 47 061 per cent.

Sterling exchange was dull but steady at \$4.84% for sixty-day bills, and \$4.87% for demand. The total sales of stocks to-day were 254,250 shares, including the following: Delaware, Lackawanna & Western, 48,150; Erie, 3,150; Lake Shore, 13,440; Louisville & Nashville, 3,803; Missouri Pacific, 3,550; Northwestern, 12,695; New Jersey Central, 3,950; Northern Pacific preferred, 6,053; Oregon Transcontinental, 6.025; Reading, 35,884; St. Paul, 20,920; Union Pacific, 9,612; Western Union, 14,167.

The stock market was more active to-day, but was feverish, and, late in the day, weak, which wiped out most of the gains recorded in the early dealings and left a majority of the active list fractionally lower than last evening's prices. The decision of Judge Fairall against the Iowa Railroad Commission was regarded as a great "bull" card, and though there was some yielding at first, the demand for stocks was such that prices, with many reactions, slowly climbed until the last hour. London arbitrage operations were against the list and helped to give it the feverish and unsettled appearance which it possessed during most of the time. Realizing sales also played an important part, and in the last hour became so numerous that almost opening

stocks were again the great feature, though the decision brought the granzers more prominently to the front. These were followed by the Gould stocks, and New England again became active and Union Pacific was prominent, especially late in the day. Laka Erie & Western, preferred, was conspicuous for strength, but the only marked movement among the specialties was an advance of 3 per cent. in Mahoning Coal on its recent heavy earnings. The opening was active and generally firm, with advances extending to \(\frac{1}{2} \) per cent., but the early trading developed considerable feverishness, and after a reaction the losses were made up, Lackawanna being most prominent for its movements. There was again more animation toward noon, and Lake Shore came to the front, while prices began to rise above the level of the opening. There was another reaction in the afternoon,

but Union Pacific and afterward Luckawanna and Consolidated Gas moved up rapidly, which infused some life into the general list, and the best prices of the day generally were reached before 2 P. M. The heavy realizing of the last hour, however, was especially noticeable in Lackawanna, which was followed by Jersey Central, Rock Island, Canada Southern and most of the others, and the gains were quickly neutraffized. The close was active and generally weak at the figures. The final changes are irregular, but generally in the direction of lower prices, but the only important changes were a gain of 1 per cent. in Lake Erie & Western preferred, and a loss of 13 in Canada Southern.

The ratiroad bond market was quiet, but with a better distribution of business than usual of late, while the Reading third incomes contributed \$160,000 to the day's total of \$1,221,000; the rest of the business was more evenly divided. The tone of the dealings was firm, but changes in quotations are generally for slight fractions.

There was a gain of 2 per cent. in Chesapeake & Obio sixes, to 1121.

CHICAGO, Aug. 29-Wheat was again handled on a big scale, and the range of prices was broad. The outcome of the day was as much in doubt at 12 o'clock as it was thirty minutes after the opening. The action of the market was an opening at much lower figures, an advance of about lc on the opening buying orders, a decline of \$2 on realizing, then an advance of 1\$\frac{1}{2}\$c, which gave the top figures of the day, from which there was a general falling off in prices, which left futures, on the whole, under the closing prices yesterday. There was little change in the tone of public or private cables. The most sensational talk of mildew, smut, rust and floods came from the other side, but while foreign markets were firm and prices somewhat higher, they did not warrant such advances. In the Northwest the weather was clear and warm, with conflicting dispatches and letters regarding the damage already done. September sold at 92%c, up to 93%c, back to 92%c, up to 94c and back to 92%c, near the close. The close was marked by weakness, and prices glided down to points to to to under the close yesterday. There was little new in corn. Prices opened lower, but the receipts fell short of the estimates, and the unusual buying in wheat early helped corn. September sold at 441 to 451c, and closed at 451c. October acted with September. Oats were rather firmer but without changes of importance. Pork lost some of the ground gained recently through the lack of any particular "bull" factors, and as holders were willing to dispose of their property, prices declined for lack of support. October pork opened 10c lower than last night, but advanced a little under buying by Hutchin-son. Subsequently the prices sagged off until it sold at \$14.15, closing at \$14.25. This was a loss on near futures of 174 @ 224c, though Janadvanced .05 @.10c, offerings being well taken. Lard ruled quiet, closing a little lower for nearby months. The leading futures ranged as Opening. Highest. Lowest. Closing.

INDIANAPOLIS MARKETS.

Trade Improving-Both Coffees and Sugars

Upward in Tendency. INDIANAPOLIS, Aug. 29. In nearly all departments to-day a good trade was in progress and a firm tone to prices noticeable. Sugars advanced } of a cent, and coffees East are firmer, with an early advance in prospect. Regarding sugars the dircular of Messrs. Willett, Hamlin & Co. recites the situation as follows: "The market has continued strong, with light offerings. Refiners are willing to buy at quotations, but holders are with-drawing their sugars from the market or are asking higher prices, in view of the expected heavy demand for refined and of the fact that refiners' stocks is light, that supplies cannot be obtained in the foreign markets without paying an advance, and that the statistical position is constantly improving. Reports of the growing beet crops are unfavorable. Stock in all hands has decreased 13,310 tons from last week, and is 75,461 tons less than last year. Total stock in all the principal countries 776,824 tons against 835,914 tons last year. Foreign markets are strong and advancing. The same authority says of coffees: "The market for Rio coffee has been steadily improving during the week, and a good demand is noticed for all first-class stock. Prices are firm, and are qu oted on the basis of 14 cents per pound for fair. The speculative position has also improved. A better demand for mild grades of all kinds is noticed, and prices are firmer." The seed market is very active; prices firm at the re-cent revision. The produce markets, as well, are active. The supply of peaches ran short of demand to-day, and higher prices were established, probably temporarily, as there are large shipments still in prospect. Potatoes and apples in large supply. A very fair potato sells at \$1 per barrel, and good apples at the same figure. Watermelons are a drug in the market. One party has in the last day or two sold ten car-loads at \$35 per car. Poultry continues weak at quotations. Eggs and butter steady and firm. The iron market is firmer, and on bar iron higher prices rale. Lineeed oil advances 3 cents per gallon. Other markets present no new features.

There was a sluggish tone to the market today. Futures attracted more attention than spot stuff. The attendance on 'Change was only fair and the bidding lacked snap. Track bids ruled as follows:

Wheat-No. 2 red..... No. 3 red..... August Sectember October Corn-No. 1 white..... No. 2 white No. 2 mixed Oats-No. 2 white No. 3 white..... No. 2 mixed..... Rejected mised Unmerchantable..... Bran | \$11.50 Bay-No. 1 timothy | 13.50

Boils and pimples and other affections arising from impure blood may appear at this season, when the blood is heated. Hood's Sarsaparilla removes the cause of these troubles by purifying, vitalizing and enriching the blood, and at the same time it gives strength to the whole system.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria
